1.2 Place of activity / place of residence

Indicate the period(s) and the country/countries in which you have legally resided and/or carried out your main activity (work, status, ...) **during the last 3 years up until the call deadline (October, 14th, 2022)**. Please fill in this section by adding as many lines as necessary without gaps and by putting the most recent one first.

In compliance with the Marie Skłodowska-Curie mobility rule, **candidate must not have resided or carried out his/her main activity (work, studies, etc.) in France for more than 12 months in the last three years before the call deadline (October, 14th, 2022)**".

Period from (DD/MM/YYYY)	Period to (DD/MM/YYYY)	Country
14/10/2019	14/10/2022	Brazil

1.3 Calculation of the total full-time postgraduate research experience

The following table is only to be filled out if the applicant **does not have a PhD degree at call deadline**:

Researchers without a PhD degree at the call deadline should clearly justify at least four years of full-time equivalent research experience in the table below. It is also essential that the CV clearly points out these research experiences and explains how it is calculated in the template below.

Academic qualifications counting towards the total full-time postgraduate research experience			
University degree giving access to PhD ¹ :	Institution name and country	Date of award (a)	
		DD/MM/YYYY	
Other university degree(s)/master(s), if any, obtained after the award of the university degree giving access to PhD:	Institution name and country	From	To
		DD/MM/YYYY	DD/MM/YYYY
	Full time research experience	Proportion of research activities as a percentage of the duration of the Master	Duration of research activities expressed in months
		xx %	(b) ² = xx% * duration of Master
PhD:	Institution name and country	From	To (Date of expected Award)
		DD/MM/YYYY	DD/MM/YYYY
	Full time research experience ³		Duration of research activities expressed in months
			(c)
Other research activities counting towards the total full-time postgraduate research			

¹ See definition of Full-Time Equivalent Research Experience in the Application Guide and FAQ

² Please count only time spent in months on research activities.

³ Please count only time spent until the 2022 call deadline (October, 14th, 2022) or the end of the PhD, whichever comes first.

experience			
Position:	Institution name and country	From	To
		DD/MM/YYYY	DD/MM/YYYY
	Full time research experience		Duration of research activities expressed in months
			(d)
Total full-time postgraduate research experience: number of months			= (b)+(c)+(d)

1.4 Host research unit

Based on individual-driven mobility, applicants will freely choose a research topic and the appropriate host (and secondment) organisation(s) and supervisor(s) fitting their scientific interest. It will be up to the applicants to search and contact the most suitable research unit (and secondment organisation(s)) and supervisor(s) to discuss a potential cooperation and the research project.

Contact details of host institutions and laboratories are available on the WINNINGNormandy portal: <https://www.normandie.fr/winningnormandy-fellowship-programme> in the section "List of Norman Research Units"
